Paul-Antoine Paris

Engineering student at Mines de Nancy – Gap-year internship (6 months, from Jan. 2027)

As a curious and highly motivated student, I am dedicated to continuous learning and technical excellence. I am looking to bring my proactive mindset and adaptability to a professional team during my gap year. Mobile worldwide, I am excited to collaborate on projects that challenge my technical skills and broaden my horizons.

PROFESSIONAL EXPERIENCE

Junior Developer

Orange | June 2026 – Dec. 2026 | Bordeaux, France

Keywords: *Kotlin, Vue.js, MongoDB, Agentic AI*

- Brought agentic AI into day-to-day delivery on an internal editorial platform powering Orange's e-commerce content.
- Set up agent workflows and shared project context so the team could use coding agents more reliably on features, refactors, and tech-debt cleanup.

Robotics & Computer Vision Intern

ANDRA | Sept. 2025 – June 2026 | Nancy, France

Keywords: *YOLO, Computer Vision, ROS, Python*

- Built a YOLO-based crack detection pipeline for nuclear waste storage tunnels, running on an Agilex Scout Mini robot.

Solo Developer

Cartel Nancy 2026 | April 2025 – April 2026 | Nancy, France

Keywords: *Mobile, Android, iOS*

- Designed, shipped and maintained the official event app for 2,300 participants (Android & iOS), end to end.

EDUCATION

Engineering Master's Degree Equivalent

Mines de Nancy, France | 2023 - Present

- Computer Science Department.
- Algorithms, Data Science, Machine Learning, Robotics, Embedded Systems, Software Engineering.

Undergraduate Program

Lycée Lafayette, Clermont-Ferrand, France | 2020 – 2023

- Intensive program: Mathematics, Physics, Programming and Engineering Science.
- High School Diploma with Honors (2020).

AI & ML

Agentic AI
Dev workflows, agent harnesses (Cursor, OpenCode)

Tooling
OpenClaw; local serving (vLLM, Ollama)

Context
Project memory, retrieval, context design

Vision / DL
CNNs, YOLO

Classical ML
Python, scikit-learn

SOFTWARE

Backend
Kotlin, Java, Python, Spring

Frontend
TypeScript, Vue, React

Data
SQL, MongoDB

Ops
Git, Docker, Homelab

Embedded
Raspberry Pi, ROS

LANGUAGES

French
Native Speaker

English
Advanced (B2) | IELTS 6.5 (2026)

German
Intermediate (B1) | Goethe-Zertifikat (2026)

INTERESTS

Sports
CrossFit, Basketball, Cycling

Mechanics
Motorcycle athlete (practical/technical skills)

Side projects
Web/mobile apps, Homelab, ML/agentic AI watch
