LANGUAGES

Nationality: **French**

- **English** – Level C1 (IELTS 7.0/9.0)
- **German** – Level B1 (Goethe-Zertifikat)

COMPUTER SKILLS

- Python, Java
- TypeScript, HTML, CSS
- SQL, R, Matlab, AMPL
- Git, Docker, React Native
- Firebase, Netlify
- Microsoft Office Suite, $\text{\LaTeX}$

ASSOCIATIVE INVOLVEMENT

- Partnerships Manager Raid Mines Nancy
- Partnerships Manager Cartel Nancy 2026
- App Manager Cartel Nancy 2026
- Co-Web Manager Cartel Nancy 2026

Application for an Internship in Computer Engineering

Gap-year internship (6 months) – between June 2026 and September 2027

Available in France and neighboring countries

EXPERIENCE

INDUSTRIAL PROJECT – ANDRA, NANCY

Sept. 2025 – Present

◇ Development of a crack detection system for nuclear waste storage tunnels using the YOLO algorithm and the SPOT robot. Software implementation, script automation, and analysis of collected data.

OPERATOR INTERNSHIP – FRAMATOME, SAINT-MARCEL

Feb. 2024 – Mar. 2024

◇ One-month internship in the production warehouse. Gained insight into the operation of an industrial site and its internal logistics.

ONE-WEEK IMMERSION INTERNSHIP – FRAMATOME, SAINT-MARCEL

2018 – 2019

◇ Introduction to the nuclear sector and the technical professions related to production and design.

ONE-WEEK OBSERVATION INTERNSHIP – KORIAN NURSING HOME

2015 – 2016

◇ Observation of the operations of a collective kitchen and discovery of the professional environment.

EDUCATION

ÉCOLE DES MINES DE NANCY – COMPUTER SCIENCE DEPARTMENT

Since 2023

◇ Second year of the Civil Engineering degree program.

Courses include: algorithms, data science, machine learning, robotics, embedded systems, compiler design, and databases.

PREPARATORY CLASSES FOR ENGINEERING SCHOOLS (TSI)

2020 – 2023

◇ Intensive coursework in mathematics, physics, engineering, and computer science.

SCIENTIFIC AND TECHNOLOGICAL BACCALAUREATE (STI2D)

2020

◇ Graduated with honors.

INTERESTS

- **Sports:** regular practice of CrossFit, basketball, and cycling
- **Mechanics:** motorcycle and motocross enthusiast since childhood; strong practical and technical skills
- **Computer Science:** passionate about software development. Responsible for developing an application and a website for the *Cartel Nancy 2026* event (around 2,300 students)
